

Winelands Experience at LacertA vineyard

LacertA vineyard is located on Dealu Mare, approximately 100 km NE of Bucharest. This is a privileged location since wines made along the 45th parallel rival those from Bordeaux, Saint-Emilion, Piemont as well as the Toscana vineyards, prestigious for their rich, complex and silken taste.

LacertA wines are kept in a strictly-controlled environment, in a state-of-the-art winery, completed in 2011. Lacerta wines are exclusively matured in barrique barrels of high quality oak from France, USA, Russia, Hungary and Romania.

The LacertA wine assortments are made of international grape varieties: Cabernet Sauvignon, Shiraz, Pinot Noir, Merlot,

Blaufraenkisch, Sauvignon Blanc, Pinot Gris, Rheinriesling, Muscat Ottonel and Chardonnay, as well as the great Romanian varieties Feteasca Neagra and Feteasca Alba.

LacertA's wine assortments, winners of numerous gold medals at specialty contests, are now housed within a new, modern cellar, ready for visits on the vineyard's domain.

The new cellar, designed by the Tirolean Architects V. Mikloutz and M. Gaertner represents a unique architectural experience in itself, since its inauguration becoming a landmark of the whole region.
