

Dear AIA Friends and Contacts,

-> DID YOU KNOW?

Chances to reach an amicable settlement are enhanced if parties can generate more options. In light hereof, AIA is willing to help parties/legal practitioners to seek candidate investors whose input may help to generate such additional options that meet the essential interests of all parties involved. AIA has direct and indirect contacts with investors in many sectors and has assisted in share/asset/financial transactions that were embedded within amicable settlements. If you wish to seek our assistance in this regard, feel free to contact Philippe.Billiet@billiet-co.be
