

SEMINAR ON ENERGY AND ARBITRATION

(Followed by a networking reception)

The energy sector (including gas and oil) is experiencing turbulent times. How does this influence arbitration practices? ; What changes in the field of energy arbitration? ; What will the future bring? ; etc.

ORGANISERS:

- The Association for International Arbitration (AIA);
- The Vienna International Arbitral Centre (VIAC);
- Arbitration Austria (ARBAUT); and
- The Greek Energy Forum (GEF)

DATE: 19 May 2016

TIME: 14.00-18.30h

LOCATION: VUB University, Pleinlaan 9, 1050 Brussels. (Room WEBER – 1st Floor)

SELECTED TOPICS:

- *Compensation for damages in energy disputes;*
- *How do oil, gas and renewables claims differ in international arbitrations?;*
- *Practical analysis through mining arbitration cases;*
- *Relations between the new International Energy Charter and the Energy*

Charter Treaty.

- *Arbitrating energy disputes: the SCC experience;*
- *A Bird's Eye View of the ECT Investor-Contracting Party Dispute Settlement Mechanism: problems and conjecture;*
- *Energy Arbitration, EU Law and Russia;*
- *Designating Arbitration Clauses in energy contracts: A prerequisite to efficient arbitration proceedings*
